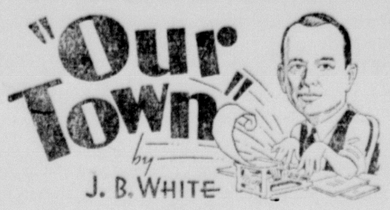
HITLER ASKS MUSSOLINI FOR HELP



The State Highway Department has appropriated $5,168.61 to patch Highway 77 from Minerva to Rockdale, a Pie Crust road.

Judge Jeff T. Kemp was notified by G. M. Garrett, District Engineer at Bryan.

The appropriation is supplemental to an already designated sum to give the highway a better surface. The road was never satisfactory, like so much of the construction given Milam county.

Nothing is said about the Highway from Cameron to Minerva or Highway 36 from Cameron west to Bell and east to Burleson county lines.

It is noted that Highway 190 from Splawn to Maysfield is due to be completed sometime this month and also patching or resurfacing highway 77 from Cameron to Burlington.

Highway 77 is being built from Giddings to Rockdale to connect with Highway 79 throwing traffic to Austin and San Antonio.

Cameron has been more or less isolated for years and growing more so as the result of neglect and perhaps discrimination.

It should be noted by local people, especially business men and the Chamber of Commerce, if it is still in existence, that all appropriations now being made, and made, during recent years, are for roads tapping the Cameron territory and feeding directing away from us. No roads run through the city are marked for improvement here.

An appropriation has been made for a new bridge across Little River. This improvement is the only break Cameron has received in years.

Cameron, a city of 6000 people has no first class highways, no electric signal lights or any of the modern highway equipment construction.

President Roosevelt said the appeasers had asked him to negotiate for peace, to beg for crumbs that fall from the victorious table of the Axis. This he rejected.

Cameron rejects the handout method of distribution of highway funds.

If you want proof of discrimination go west in Bell county and see what the State Highway Department is doing for Highway 190. True Bell county had some money and got Highway 36 west to Gatesville. Milam county in the older days voted more than a million in bonds for good roads. Burleson county never voted a dollar for road bonds yet has concrete highways and every consideration has been given there, all leading to Bryan of course.

Get in your car some day and ride over Milam county roads then take a spin into our neighboring counties. You will come back disgusted as you should. Are we the obejct of discrimination or have we too many Rip Van Winkles?

The spread of the war to Iran brings the conflict to one of the oldest inhabited regions of the globe. Until recently the country was known as Persia. Its population numbers 13,000,000 made up of Turks and Arabs, Kurds and Leks. Its religion is Mohammedan, some eight million of its people belonging to that faith. The education of the mass of people extends to reading the Koran although in recent years some progress has been made in the establishment of government supported schools, numbering about 10 with some 4 to 5 thousand students. There are colleges supported by public funds in which students are instructed in Persian literature.

To the ancestral home of the Medes and Persians has come the blitz. It is interesting to contrast this development of the centuries. Perhaps today or some day soon a blonde Englishman from the white cliffs of Dover will fly over the rock at Behistun where Darius with nine captives before him, was carved out centuries before the birth of Christianity. Down below in the sandal roads of such illustrious as Zoroster, the great reformer, who persuaded his people to abandon the worship of the powers of nature for the "All Wise Spirit," or Cyrus the Great King of Perisa whose conquest of Media united the whole Persian empire, once marched with his armies, are the rumbling steel monsters of modern war. Yes, their bloody tracks are all the way now from north of Memmel to the Persian Gulf.

Not much has happened in Ancient Persia since all Asia Minor became tributaries to the Conquorer, Cyrus. It was Cambyses who conquored Egypt after Cyrus passed away. Cambyses who died by his own hand was succeeded by Darius, the genius for orgaization and a great Warrior. Like Thebes and the Land of the Pharos the story is revealed in occasional discoveries in the soils that centuries have moved with slow processes, or carved upon stone. Alexander the Great whom we might compare with the Modern Hun called Hitler, crossed the Hellespont, defeated the Perisans and forever put an end to the empire of the Achaemenians. It is doubtful if any land in the whole world has known more violence and bloodshed than Persia which in the modern

GREEN ELECTED TO HOUSE

FUNERAL HERE TUESDAY FOR MRS. S. E. BRADY

Funeral services for Mrs. S. E. Brady, long a resident of Cameron, who died at 9:30 a. m. Monday, September 1, 1941, at Cameron Hospital, will be held at 5 p. m. Tuesday, September 2nd, at First Methodist Church in Cameron with Rev. John W. Mills, pastor, conducting the services.

Interment will be made in Oak Hill cemetery with the Marek-Burns Funeral Home directing arrangements.

Mrs. Brady was a native of Alabama, born October 27th, 1856. She was 84 years, 10 months and 5 days of age. The body was at the Marek-Burns Funeral Home until the funeral hour Tuesday afternoon.

The late S. E. Brady, her husband, was a prominent business man and farmer, of the Maysfield community in the early days of Milam County and about 25 years ago or more moved to Cameron where he was with the R. L. Batte industries here.

Mrs. Brady continued to live in the city for years with her daughter, Mrs. Mamie Laird. Her death has brought sorrow to the hearts of many for her life was a shining example of the noble qualities of soul and heart so true of the pioneers.

Active pall bearers are: W. A. Bonds, John Perry, Dan Tyson, W. C. Smith, Jesse Brock and Chas. Brady.

Honorary pall bearers are: Dr. Eduard Rischar, R. L Batte, H. L. Atkinson, Jeff T. Kemp, W. G. Gillis and Robert Todd.

She is survived by one sister, Mrs. F. M. Cawthon of Waco; three sons, B. C. Brady of Port Arthur, V. E. Brady of Gladewater, B. O. Brady of Salt Lake City, Utah. five daughters, Mrs. Archie Peel of Ennis, Mrs. Mary Thompson of Fairfield, Ala., Mrs. T. A. Peel of San Antonio, Mrs. John Thweatt of Maysfeld, and Mrs. Mamie Laird of Cameron.

Surviving also are 28 grand children and 10 great grand children.

Interment will be made in Oak Hill cemetery beside the body of her late husband

Minerva to Rockdale Highway 77 Receives New Appropriation

Judge Jeff T. Kemp has received a letter from G. M. Garrett, District Highway Engineer at Bryan in which the following paragraph appears:

In Milam County on U. S. Highway 77 it is ordered that $5,168,61 be appropriated to supplement funds provided for M-210-2-5 in order to obtain a higher type surface than originally proposed over the entire section of U. S. Highway 77 between Minerva and Rockdale.

HAS A BIG PLURALITY OVER FIELD OF EIGHT

A. N. Green was elected to the House of Representatives in the State Legislature Saturday with a substantial plurality over seven opponents.

The election is believed to have made a record for an all time low vote total. Only about 2700 were cast in the election.

Mr. Green, with all save 6 precincts in by noon Monday had a total of 701 votes. His nearest opponent, J. A Ely of Gause, had a total of 383 votes and Leo Harris third in the race had a total of 339 votes.

Other candidates showed the following totals out of the 43 complete precincts: Charlie Smith, Jr., 251. Frank Slavik 218, P. L. Caperton 239, Connell Clement 244, L. Van Perkins 148.

Mr. Green, former President of the First National Bank here, and one time widely known business man, showed strength in all sections of the county, especially in the rural precincts. He made the race without a detailed platform pledge but is known to favor all phases of social security including the Old Age Pension. Mr. Green believes that Milam county must share in larger measure in the road funds of Texas and is largely sympathetic with farm needs. He believes the people should have relief from excessive utility rates in the areas where privately owned companies have not had the advantage of government systems.

"I have worked hard all my life. I feel that the job in Austin is a hard job and I will be found working at it. That is the way to get it done. I am deeply grateful to the people. I could not justify their confidence if I did not work hard at the job and produce results for the people."

Mr. Green made no pledges. "I will repay your confidence with a job well done. There is no substitute for experience. There will be no broken promises," he said in his campaign advertising.

Governor Coke Stevenson said Monday in Austin that the Legislature will be called into session next Monday, September 8th to pass a bond assumption bill. Mr. Green is in favor of giving all the districts in Milam county the benefit of bond assumption legislation.

COMPLETE RETURNS IN FROM SAT. ELECTION

A. N. Green was elected to the House of Representatives in the election held on Saturday with a vote of 740 with his nearest opponent J. A. Ely of Gause receiving 383 votes.

Complete returns were in and tabulated in the office of County Judge Kemp by noon Tuesday. The only precinct not reporting officially is Jones Prairie but telephone returns gave the results at that box which was carried by A. N. Green who received 32 votes.

The candidates finished in the following order: A. N. Green, 740; J. A. Ely, 390; Leo Harris, 379; Conneil Clement, 261; Charlie Smith, Jr., 253. Frank Slavik, 249; Rev. P. L. Caperton, 245. L. Van Perkins, 145.

Eight Indictments Returned by Jury

Three indictments of the grade of felony and five for misdemeanor, were reported by the grand jury here Wednesday when the body adjourned after being in session since Monday.

Simple assault indictments were returned against L. L. Gaston, N. W. Gaston and Fred Piefer all of Gause and will be tried in Justice court at Thorndale.

J. W. Carter was indicted for burglary and for chicken theft.

G. P. Touchstone of Silver City was indicted for chicken theft.

Earl Brandenberg, a negro, was indicted for burglary. He lives near Hoyte.

CHURCHILL PLEADS FOR AMERICAN AID IN WAR

Winston Churchill today made a plea to the United States for complete assistance in every field.

The statement was made jointly with McKenzie King of Canada now in London.

If the news report can be relied upon it is significant and reflects British admission that the fight is hopeless without American fighting men. Several days ago the British press warned the people of England to expect no appreciable help from America.

On this side Roosevelt is contiunually saying that all possible aid will be given. There is growing belief everywhere that Washington has no serious intentitn of aiding Britain to win the war beyond war materials and this will not suffice.

So far Britain has not taken advantage of Germany's pre-occupation with Russia.

City Lights Should Be Turned On Early

The Herald has received complaint with the request for publication that delay has occured in turning on street lights.

Some visitors to our city arrived here around 7:30 p. m. recently and said they could see no lights and could not tell much about the town and started to drive on.

Cameron has not made an advantageous trade in the past with the light and power company and therefore has been unable to provide the city with a good lighting system.

If the Government had been wise in times past a basis for street lighting could have been worked out, but as it is Cameron is the poorest lighted city in the world.

What few lights we have should be turned on before dark. It is no doubt an oversight and with the days getting shorter someone has not kept pace with the changing hour.

Red Cross Needs Are Outlined Here

Representatives from local churches met Tuesday morning at 10 o'clock above the Blue Bonnet Building in the Red Cross Sewing room to outline the work of the Red Cross for the coming year.

They decided the following things must be done to further the cause of Red Cross work: need more people to help cut the garments, need women to knit and sew, need women to take the scraps and piece quilts, and to get everybody interested in Red Cross work.

A committee was appointed to canvas the town and make a list of everyone who will help and then the materials will be provided for them. All clubs and church organizations are urging every member to do their small part for the Red Cross and in this manner they hope to accomplish more.

Bale of Cotton Now Brings $100 or More

Cotton was selling for 16.25 basis middling in Cameron Saturday.

With the seed the bale will gross over $100 and for the first time in years cotton has come back into the picture here.

Last year cotton was selling for about half its present price and although production may be short of the total for last year, it is certain to be worth many thousands more to the farmers and business.

A 28,000 bale crop will gross the the farmers Two Million Eight Hundred Thousand Dollars.

It should be remembered that picking commands a better price also and the labor involved in the gathering of the crop will mean many thousand more in the channels of trade.

Cameron will have business this fall for the first time in several years, that is normal buying.

Gene Autry Film to Oepn at 10 a. m. Here On Saturday, Sept. 6

Gene Autry in "Sunset in Wyoming" today had rated the best gesture of popularity with local movie patrons when Stanley Swift of the Swift Theatres announced that the Cameron Theatre will open at 10 a. m. Saturday, September 6th.

The show for that day is Gene Autry's latest starring role and by opening the theatre at 10 a. m. the crowds can be accomodated. In the afternoon and at night the theatre will not seat all who will come.

Eddie Oliver is visiting his grand parents, Mr. and Mrs. E. A. Oliver.

JAPAN BEGS AMERICA FOR A COMPROMISE

Adolph Hitler has made an urgent appeal to Mussolini for troops. This is taken as an indication of how the figthing is going on the Russian front and to what extent the Germans have been called upon to sacrifice men and materials.

Neutral reports say that Hitler has left more than a million German boys dead on the plains of the Ukraine and the reaches of the Baltic since his attack on Stalin began two months ago.

The Italians have not been heard from since they were whipped by the Greeks and run out of Albania.

The French soldier had the right slant on the situation when he put up a sign which read: "Notice to the Italian army, this is the French Frontier."

It is now conceded that Italy must bleed along with Germany and that Hitler who cails the world tt blood will have no further delay from a total sacrifice of millions of men.

Washington was stirred to the depths today when a rumor spread that President Roosevelt would stage another high seas meeting, this time with Konoye, Premier of Japan. The report first circulated when it was said that Japan had requested the meeting. The President and Konoye would hold their conference aboard a Japanese liner somewhere on the Atlantic. Stephen T. Early, the Presidential Secretary would neither confirm nor deny the report and this gave rise to its credibility.

The United States Government was determined to deliver supplies to

THOUSANDS DIE WHEN REDS AND RAF ATTACK

For the past 24 hours British and Russian bombers have rained death upon Berlin in what is officially described as the worst bombardment of the war on German territory and comparable to the raids upon London a year ago.

Thousands of German civilians were said to lie dead in the streets of Berlin and great fires have been raging for the past 24 hours and are still raging. The bombing of Berlin in this fashion was part of a wide spread attack by the Royal Air Force and bombers driven by Red aviators. The attack was concentrated upon the German capital.

There was no statement from the Germans concerning the intensity of the raid, but American correspondents in Berlin verified the British and Russian claims and one correspondent said that devastation in the German capital was frightful, that building were blown into the air by the force of the explosions from the new heavy type bomb.

It was a fulfillment of a promise made by Winston Churchill recently when he said that bomb for bomb and thrice over would be meted out for attacks made upon English cities.

Hitler's Reich was being seriously challenged in another way. There were cumulative reverses and for the moment the Allies were making the German army appear less invincible than at any time since war broke out in 1939.

The Russians are attacking with fury and with great force in the Gomel sector on the road to Moscow. Here the Russians seemed determined to defend their capital at all costs and the grand strategy is to relieve pressure upon Leningrad and in the Ukraine.

The Germans are being thrown back and held everywhere with stubborn fighting going on all along the Eastern front and with especial intensity around Smolensk.

Domi, the offical Japanese news agency, said today that Japan is facing the greatest crisis in the history of the nation which can only be met by mobilization of the entire country. It is now known that Japan is facing economic disaster as the result of action by the United States in chopping off trade relations and stopping the exports to Japan of essential raw commodities, like oil. So acute has the situation become that informed circles in Washington and elsewhere express the belief that Japan is frantically begging through diplomatic channels, the United States to compromise or suspend the economic war begun only recently.

BAPTIST REVIVAL

The spirit of our revival has been growing day by bay. Last night we saw six people walk the isle for Christ. One of the most beautiful scenes of our night serivices was last night when we saw a fine young couple walk down and accept Christ as their Savious. We need more such scenes as this to take place in Cameron.

At eight o'clock tonight Bro. Watt will bring a message found in the fourth chapter of Acts the seventeenth verse, "'Ancor Your Soul In Heaven." I tell you the Spirit has been fine through the entire meeting and we appreciate it so much. When God's people will humble themselves and pray, lost people will be saved. During this meeting people have been praying. Last night was a direct answer to prayer. We only have a few more services left, may we make the most of them. People that have been missing these morning services have missed a great Spiritual Blessing.

This morning we had fifty seven out for service at nine o'clock. There is only two more morning services left in the meeting, get ready in the morning at nine o'clock and come out to the services so you can say you went to one morning service. We will be looking for you tonight at seven thirty for Prayer meeting. Preaching will start at eight o'clock.

Be sure and get here for the singing.

Up to now we have had twenty three come into the church. The most of these have been for Baptism.

This human "Birthday Cake" formed the climax of a colorful pageant held in connection with the 50th anniversary celebration of the Supreme Forest Woodmen Circle in Omaha, Neb., recently. Mrs. Ralph Koepf is having her tonsils removed today.

Mary Joyce Cox, II of Houston is visiting her grand parents, Mr. and Mrs. M. G. Cox.

ONLY 27 MEN OUT FOR 1941 FOOTBALL

Only 27 men reported for football Monday, it was announced by Coach L. C. Wood.

As usual the first impressions were gloomy. That was expected. No coach is optimistic. The entire staff here shared the view of Coach Wood and in reality there is cause for gloom, but the condition is no different than any other average year at Yoe High School.

The football situation has been plagued with known and unknown factors of dissolution, lack of interest an co-ordination for several years. The results are always reflected in the number of men who report.

Cameron's high school is larger than Taylor, Belton, Caldwell and almost as large as Temple. Twenty-seven men out for football is an implication of both the crutch and the claw.

The situation is so critical that every man reporting must make good at his job or the team won't have a chance to compete in the conference race.

Douglas Pruett of Houston was called to the bed side of his father, H. H. Pruett who is seriously ill in the Cameron Hospital.

Miss Nona Weems of Houston is spending the week in the home of her parents, Mr. and Mrs. Roy Weems, after spending a week at Bruce's Ranch in Bandera.

Home Economics Students Celebrate

The summer project work was closed Saturday when the Home Economics students fulfilled the required amount of hours of summer work.

Students completing the course attended a supper picnic at the High School Gym Friday night. A style show of clothes made during the summer was modeled by the students themselves and also a dance and slumber party was given afterwards.

At seven a. m. Saturday the students were awakened and served a lovely and tempting breakfast of which the incoming freshman girls attended.

Miss Irene Hollis and Miss Celeste Tisdale were hostess, the latter will not be at Yoe High the coming year an all students regret losing such a fine teacher.

Molly Mae Lazek is visiting her sister, Mr. and Mrs. Vick Sustek.

When a Child Needs a Laxative!

Your child should like this tasty liquid laxative and you should like the *gentle* way it usually wakes up a youngster's lazy intestines when given by the simple directions.

SYRUP OF BLACK-DRAUGHT contains the same principal ingredient which has enabled its older brother BLACK-DRAUGHT to give so many users such satisfying relief for so many years!

Perhaps that's why it usually gives a child such refreshing relief when the familiar symptoms indicate a laxative is needed.

SYRUP OF BLACK-DRAUGHT comes in 2 sizes. The introductory size is 25c; the economy size is 50c.

ROOSEVELT SPURNS ANY THOUGHT OF WAR'S END

President Roosevelt pledged the resources of the United States to defeat Hitler and his Nazi Germany, in a bristling Labor Day speech delivered from his study in his Hyde Park home in New York.

He called upon the Amercan peole in the name of labor, business and religion to join hands in a common effort for an all out war on Germany.

The President did not mention Japan. Commentators in Washington Sunday said that the United States and Japan had reached an understanding on all points at controversy save one. Japan, it was said insisted the United States remove the navy from the Pacific. This Roosevelt, it was said will not agree to.

The President said that there are a few appeasers and Nazi sypmathizers in the United States who have even asked him to negotiate wich Hitler, "yea, even beg for a few crumbs that fall from his victorious table," said the President. "This I have rejected and this I still reject."

"They would have me the modern Benedict Arnold, to play traitor to everything for which I stand," said Mr. Roosevelt.

The President spoke briefly. He rejected any thought of an easy victory and warned the American people that a long struggle is ahead, that Hitler has the means to overcome the world unless America puts her shoulder to the wheel and pusnes hard.

The President's speech highlighted a number of addresses, two by labor leaders Green and Murray pledged labor to an all out defense effort.

900 Bales Received At Compress Here

Nine hundred bales had been received at the warves of the Cameron Compress Company up to Friday night, it was announced by P. W. Davis, manager of the press.

Cameron is a concentration point but most of the cotton received thus far was produced locally.

The crop movement is getting under way and within the next few days the full season will be on.

The price is very encouraging. Cotton was selling at 16.25 basis middling Saturday. Fair weather continues.

NYA NEWS

Lewis Dunbar, Misses Gladys Pierce and Myra Lee Fanning of the Federal Security Agency gave an interesting talk on their program of help to farmers. They brought for each girl a farm record book so we can keep records of expense in our homes. We thank them for this help.

Norine Lange has accepted a place in the Seaton Hospital in Austin. Lois Marie Obermiller has made arrangements to go to Durham's Business School in Austin. The girls helped plan and make a school wardrobe for Lois. We wish the best of success to both girls.

The girls gave an interesting program Friday night which was based on the United States Flag. After the program the girls sang God Bless America and were served lemonade and cookies.

We are still working in our garden. We have beets and peas coming up. Our frame garden has cabbage and radishes coming up and we plan to plant spinach later. We hope to furnish our table with green vegetables in the near future.

Opal Walton has returned to her home in Tyler after a short visit with friends and relatives here.

MRS. S. E. BRADY DIES AT 10 A. M. MONDAY

Mrs. S. E. Brady, 84, died at 10 a. m. Monday in the Cameron Hospital.

She had been ill for some time. Her condition was believed hopeful late last week but became worse on Sunday and on Monday the end came.

Mrs. Brady had been a resident of Milam county for many years. Among the survivors are Mrs. Mamie Laird, a daughter who lives in Cameron.

Funeral services will be held Tuesday afternoon at 5 o'clock from the First Methodist Church in Cameron with Rev. J. W. Mills, pastor, conducting.

The body will be at the Marek-Burns Funeral home until the funeral hour. Interment will be made in Oak Hill Cemetery.

Miss Irene Hollis is spending the next few days in Dublin. She will return before Monday to start teaching at Yoe High.

6 Involved in Sunday Fight at Silver Grill; Woman Hurt in Melee

Casualties were high in a Sunday brawl at the Silver Grill when six people staged an old fashioned knock down-drag out.

Constable Pete Harwell told the Daily Herald Monday morning that he had placed under arrest and filed charges against Alice Bagley and her sister, whose name was not known by the officers; Mary E. Morris of Temple, H. C. Cannon and G. C. Cannon of Temple and Eric Malone of Milano were taken into custody by the Constable.

The Silver Grill is owned by Jack Owings. In the front portion of the Grill is a bar and in the rear is a dance hall. The trouble, according to Constable Harwell, started when jealousy arose as one girl danced with another girl's sweetie.

H. C. Cannon was slugged over the head and several stitches were required to staunch his wounds. Eric Malone was the more severely injured. He sustained several broken ribbs and other injuries.

The Bagley girl, whose name was not entered on the docekt was injured in the fighting.

Alice Bagley, Mary E. Morris and H. C. and G. C. Cannon paid their fines in Justice Court for participation in the fight.

Constable Harwell said that the other two, the Bagly girl, and Malone would settle with the court when their injuries permitted them to appear.

OUTLINE PEACE AIMS FOR THE AXIS POWERS

Adolph Hitler and Benito Mussolini met somewhere Thursday on the Russian front and there issued a joint statement which outlined the peace aims of the Axis Powers.

Two chief objectives of the Axis is the destruction of communism and plutocracy. By the latter is meant to stop exploiation by Jews, the world over, according to the Axis plan and make Europe one state both economic and political as well.

It was the first time Mussolini has appeared in the picture since Greece whipped his armies last year. Winston Churchill calls him the Hitler jackal.

No Japanese representative was present.

The meeting was taken as a counter move to the recent meeting of Roosevelt and Churchill in the North Atlantic where an 8 point peace plan after the war was evolved.

The statement said that complete comradship between Italy and Germany dictated their common purpose and the destiny of both nations is dependent upon the out come of the war and they pledged themselves to prosecute it to a successful conclusion.

While Hitler and Mussolini were meeting to produce the most sensational news of the day, the Germans were gradually making significant gains. The German news agency gave the only indication of activity and reported the sinking of 17 Russian ships in the Baltic with new successes scored around Odessa.

REDS PLUNGE THROUGH AND STOP THE GERMANS

Russian armies were reported shortly after noon Thursday to have plunged through the German lines along the Leningrad and other fronts and to have pushed the Germans back.

All along the line the Germans are reported to have been halted.

The German news agency admited the task of taking Leningrad will be tremendous. The Russians have determined upon an all out defense of Leningrad.

NOTICE OF SHERIFF'S SALE OF REAL ESTATE

NOTICE IS HEREBY GIVEN That by virtue of an order of sale issued by the Clerk of the District Courts of Dallas County, Texas, on the 10th day of July, 1941, in a certain cause wherein Bankers Life Company, a corporation, is plaintiff, and Myrtle A. McNeely, a widow, and R C. Shiplett are defendants, No. 55965-B, and wherein plaintiff recovered judgment against the defendant Myrtle A. McNeely for the sum of $11,156.17, with interest thereon from June 9, 1941, at the rate of 10% per annum, and all costs of suit, which judgment was rendered on June 9, 1941, in the District Court of Dallas County, for the 44th Judicial District , I have levied upon and will, on the first Tuesday in September, 1941, same being the 2nd day of said month, at the Court House in the City of Cameron, Milam County, Texas, between the hours of ten o'clock a. m. and four o'clock p. m., proceed to sell to the highest bidder for cash all the right, title and interest of said defendants, or either of them, in and to the following described real estate, levied upon on August 5th, 1941, as the propert of said defendants, to-wit.

Situated in the County of Milam, State of Texas, being 199 acres of land, a part of the Jose David Sanchez Six League Grant, Abstract No. 55, and being located three miles East of Rogers, Texas, and fifteen miles West of Cameron, Texas, generally known as the Myrtle A. McNeely Farm, and being the same land fully described in two tracts in a deed of trust from Myrtle A. McNeely, a widow, to G. W. Fowler, Trustee, dated January 1, 1936, and recorded in Volume 76, Page 307, of the Deed of Trust Records of Milam County, Texas.

The above sale will be made by me to satisfy the above described judgment, and the proceeds thereof will be applied to the satisfaction of said judgment.

Cameron Legion Pushes Texas Defense Guard For City; Wake Up America is Plea Men Here

In an effort to speed action on the authorization of a unit of the Texas Defense Guard for Cameron, the Legion voted to attempt to complete a tentative roster of the unit by setting a time and place and calling for volunteers to fill the ranks. They feel that if the Adjutant General knows that Cameron wants a unit bad enough to submit a list of volunteers who WANT to serve in this guard, the chances of getting authorization will then be much brighter.

WAKE UP AMERICA!

This Texas Defense Guard is organized to take the place of the National Guard while that organization is in active service, and the life of the TDG automatically ends when the National Guard is mustered out of Federal service. It is directly under the Governor of the State of Texas and is commanded by the Adjutant General of the State, Gen. J. Watt Page. Enlistments run for a period of three years or until such time as the National Guard is mustered out of active service.

WAKE UP AMERICA!

The peace-time duties of the organization are to take care of internal disturbances, and weekly drill periods will be held to develop discipline and physical fitness. The requirement for membership is that one must be an ablebodied male citizen of the state and of the United, States, and of good character, between the ages of 18 and 64 years.

WAKE UP AMERICA!

War-time responsibilities of the Texas Defense Guard would be great. It is a well known fact that in England there have been more casualties in Home-defense units than in the English Army on the islands. In war-time, this organization would probably be called on to furnish fire wardens, shelter wardens, sentinels, guards for highway and bridges and many other military functions. We in Texas would be the first on the front line in case of an attempted invasion.

WAKE UP AMERICA!

All who might be interested in becoming a member of this organization will be urged in the very near future to come in and sign the roster. Be sure to watch for further announcements.

WAR

(Continued from page one)

Russia in spite of Japanese objections. The ship carrying aviation gasoline was near the Japanese Sea on way to Valadavostok. If it reaches port safely it was agreed Japan has decided she will not risk war with America.

Drew Pierson and Robert S. Allen perhaps the best informed news commentators in the world, have said that the United States and Japan have reached a complete accord and that Japan will desert the Axis. Virginia Gada who reflects the mind of the Italian Dictator said that the recent conference between Hitler and Mussolini held on the Russian Front meant the exit of Japan from the Axis.

If Japan quits the Axis, it is proof that Hitler has lost the war. However there are still many possibilities that the United States and Japan will soon be at war.

John Public who has more knots on his head than he has brain cells has a new Guiena Pig role. This time it's the S P A B. We thought we had reached the end of the initials but it seems another was necessary.

Allocation of materials will of necessity stifle many small American industries. The Doctrine of Scarcity practiced in political days now stalks the land with the retribution of that hand writing on the wall at Belshazzer's banquet. Still we concern ourselves over the quality of our mashed potatoes and glorify the stuffed shirt.

BAPTIST REVIVAL

How we regret that we just have a few more services left in our revival. We have had a good crowd every night. The face of the earth between the church and Educational Building has been covered with people every nigth. May we not forget that Friday night will be Family Night. We are asking that every member of the family be present Friday night for this service. As I write this my heart aches for the lost men that we have talked to about their souls and they have turned God down.

Tonight after church we would like to have every teacher and officer to meet with us after services on the platform. Let every one of you stay with us. You just have five more chances to hear Bro. Watt during this meeting be sure and don't miss hearing this great preacher of the Gospel.

Saturday night he will preach one of his sermons that he preached in one of his morning services, "The Potters Wheel." To me this has been one of the greatest sermons I have every heard. Don't miss this great message.

May we be working now for a great day this coming Sunday. We would like to see three hundred people in Sunday School Sunday morning.

And this can be if we work and pray. Friday will be visitation for the Sunday School, we need more helpers in this visitation let every one that can come. "May we go out into the highways and hedges and compel them to come in."

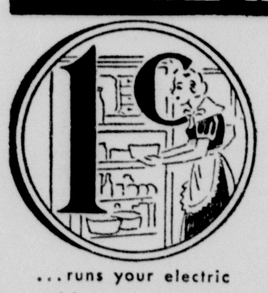
The **GIANT PENNY**

PAYS THE WAY TO *better living*



...runs your electric refrigerator from five to six hours.

...per person per meal will cook your food in an electric cooker.

...brings you more than three hours entertainment through your radio.

...will operate your electric washer to do the weekly washing.

...will run your mixer half an hour a day for more than four days.

...will give you Better Light with a Better Sight lamp for two hours.

Any penny becomes a *giant penny* when spent for electricity because it buys so much service. Just think of getting a ringside description of a championship fight, and an hour of musical entertainment, plus an hour's dramatic performance over your radio . . . all for one penny.

Ordinarily we think of a penny buying a stick of gum or a piece of candy . . but, when spent for electricity it takes on real importance. It buys freedom from drudgery for mother, better light for the family and countless conveniences. Some examples are shown at the right and left in this space.

Enjoy the buying power of pennies . . . spend them for T. P. &L. low-cost electricity and watch them work like giants for you.

This Company is meeting not only the electric service needs of its customers today for comforts and conveniences at home, but also the power needs of National Defense as well . . . and is ready to meet the increased needs of tomorrow.

TEXAS POWER & LIGHT COMPANY

GRMANS SAY FLEET OF SOVIET DESTROYED

The Russian navy has been destroyed said a report from the German capital Saturday.

According to the offical statement of the German high command, 102 Red fighting ships have been destroyed in the Baltic and 68 have been damaged.

It was described as the worst naval disaster for the Russians since the Russo-Japanese war.

Elaborating on the development the German news agency said that ships of the Red Navy had put out to sea after the surrender of Tallinn and the vessels ran into newly laid mine fileds. There was also some Nazi naval action to complete the distruction.

A late radio broadcast said that the Russian Baltic Navy is no more.

The Baltic sea has always been chiefly a Russian ship center. The other units of the Ded Navy are in the Black Sea.

How much faith could be put in the German news report could not be ascertained and the first news of the naval disaster was taken with reserve. No statement has been made by the Russians.

Fighting was going against the Russians in the Leningrad area and the Germans predicted that the battle would result in a disaster for the Russians.

On the whole the war was going against the Reds as the Germans began making outstanding gains. The attempt of the Russians to escape from Tallinn, the capital of Estonia has resulted in another Dunkerque, it was said by the Germans.

GERMANS AT OUTSKIRTS OF LENINGRAD TUESDAY

The Germans are at the outer defenses of Leningrad it was reported by the German High Command Tuesday.

While pressure was being applied to the important city of Lenin the Russians were busy counter attacking in the central area where the Germans were reported earlier in the day to be retreating in disorder.

The battle has become so costly and intense in the Russias that Germany is bringing up all possible man power to stem the Russian tide.

Rumors still persisted that Finland would quit when all conquored territory as been regained.

Our Town

(Continued from page one)

day we call Iran. The present ruler of Iran is a Tartar.

In world war No. 1 western and northewestern Perisa formed a battle ground for Russian and Turkish Armies. At that time Germany and Turkey were allies. The Hohenzollerans had dreamed of a railroad from Berlin to Bagdad. Their dreams are no less obscure now but Russia and British soldiers are casting a long shadow over the land of Darius and Cyrus to forecast another bloody struggle over the Plateau Lands at the ancient Medes.

It was during the World War No. 1 that the terrible massacres of Christians occured as well as the ill fated Armenians who have figured so much in the persecutions and murders of the Terrible Turk. In 1920 Soviet troops invaded Persia. In 1941 they are again marching over the same bloody plains.

American interests have been prominent in Modern Iran. I think it was President Taft who first named an advisor in finances to the government of Persia. In July 1924, American-Persian relations were threatened over the killing by a mob of Major Robert Imbrie, the American Vice Consul at Teheran. The Shiites, members of a sect of the Mohammedan faith, accused him of poisoning a Sacred Well. Like so many of our modern diplomatic incidents, the Persian government apologised and expressed regrets but Major Imbrie is still dead.

* * * *

President Roosevelt whom the Christian Science Monitor criticised for magnifying Lindberg by refering to his dismissal as a Colonel in the Air Corps Reserve, let newspapermen on Tuesday in Washington wrangle him into a similar position. This time he lashes out at what he calls efforts a sabatoge the Lend-Lease Bill. He dealt with two specific charges: 1. That British officials ran up a $32,000 food, drink and telephone bill in Washington Hotels and charged them to the Lend-Lease Bill. 2. That American steel sent to England for war purposes is finding its way through English firms to normal trade with the Argentine.

It's a hell of a note. The Lend-Lease Bill provides food for the hungry millions of countries resisting the Axis but a British Diplomat cannot get a beef steak in Washington.

When the President emerged from his ship off the New England coast recently from his conference with Winston Churchill he said this country is no nearer war than at any time since Hitler's invasion of Poland.

I feel sure that if the President could know with what disappointment that statement was appraised by the American mind, he might have weighed public sentiment with more confindence as he talked with the Representatives of His Majestys Government in the wastes of the North Atlantic. Twice, yea three times, have the people urged upon him the assertion of agressive leadership. Twice, yea three time he has killed off the rising tide that cast down into the dust the selfish dominion that talked and all but got a spot in the sun under the old man who recently died and was buried at Dorn.

How long, Oh Lord, How Long must we wait for vindication of the spirit of those who died and now lie in Flanders Field where the Poppies Grow, row on row? Shall we not remember the shadowy legions who now march down the Esplanade of memory. What of this Dr. Jekel and Mr. Hyde role into which so many of our national leaders have been cast. What is appeasement? Suppose America never strikes a blow? How can that relief come so hopefully impried by the mellow tongue of that superb Englishman, Winston Churchill? I have read the pages of most all the history books. No war has ever been won without a fight.

"We shall use force, force to the utmost, until every selfish dominion has been cast down into the dust."

How does this sound in comparison.

"I hate war." "The American people do not realize the danger in which they are put by events on the other side."

You ask me if I hate war and I answer you by saying "No," I want war. You ask me if I am tolerant, I answer you by saying "No" I am intollerent. To such a policy the nation must go if the Oasis of Liberty is to survive. The arsenal of Democracy is a tinkling symbol and a sounding brass. It needs something more than money pitched to the winds of chance. A bayonet in the hands of tall men will do more than a dollar thrown up as a windfall to privileged labor and fattening capital.

Why blame the American People? Leadership can only be exercised where it is placed.

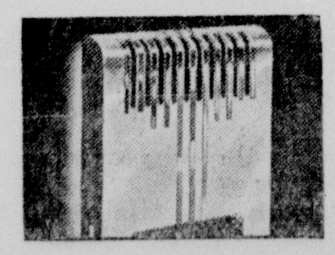
Keep 'em healthy and in School

"Please excuse the week's absence of Jane. She has had a cold which caused some throat trouble." You hope you will not have to write such a note to your child's teacher. But many will, as the common cold causes more children to miss school than any other one thing.

A good precaution against the common cold is proper gas heat. The home should be heated to a temperature of around 72 degrees. The heat should be evenly distributed throughout so children should not have to go from a warm room into a cold one. And there should be a flow of fresh air between rooms.



Circulating Heat for Single Room

Console circulating heater is ideal for the single room. Knocks cold spots and chilling drafts. Can be vented to carry off products of combustion. Investigate this healthful heat for your children's sake.

CHRISTIAN SCIENCE SERVICES

"Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 7.

The Golden Text is: "Behold, what manner of love the Father hath bestowed upon us, that we should be called the sons of God" (I John 3:1.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: That the man of God may be perfect, throughly furnished into all good works" (II Timothy 3:16, 17.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scripture," by Mary Baker Eddy: "Man is the idea of Spirit; he reflects the beautific pressence, illuming the universe with light" (page 266.)

They were driven into an Inferno—from it they built Paradise!

Brigham Young, surveying the barren salt flats that he later saw bloom in fertility, said: "This is the place!" Through the sheer force of his personality he had brought his people through one of history's most trying Exoduses to this desert wasteland. But Brigham Young had foresight as well as courage. He knew that land was all that was needed, that man's industry can do the rest—and this he proved.

LAND IS WEALTH

America's greatest wealth is still the land in whose bounty all may share. Within an hour's drive of your home there is land, land that may be yours! Land to live on, soil to till—a secure investment for your savings! Land that you will be proud to own . . . .
